**Questão 05**

(ITA 1998) Os pronomes “its” e “that”, em destaque no texto, referem-se, respectivamente, a:

*Most of us laugh at those goofy late-night informercials that promise to fix hair loss forever - with paint. But the U.S. hair-loss industry pulls in \$1.5 billion a year in*

*revenues, and U.S. News was impressed enough by its influence to run an eight-page article about it last week. The article explained that despite the dubious success rate of most baldness treatments, the “treadmill of treatment and spending and more treatment and more spending is likely to be the only path for balding men and women who want their hair back” at least until scientists come up with a medical cure for baldness. And we guarantee that the hair-loss industry does not want that to happen.*

- a) hair loss - hair loss industry.
- b) U.S. News - dubious success of some treatments.
- c) revenues - a medical cure for baldness.
- d) American hair loss industry - a medical cure for baldness.
- e) influence - dubious success of some treatments.
